

PrintMate AS on-demand cassette printer

Our cassettes are precisely engineered for optimal performance when paired with the PrintMate™ AS cassette printer from EpreDia.

Eliminate waste and streamline your labeling process by printing cassettes on-demand with the PrintMate AS at the grossing station.

- Save time – prints each cassette in ten seconds or less
- Print only the cassettes you need, right at the point of use
- Print barcodes on cassettes to automate downstream processes
- Eliminate errors endemic to handwritten processes
- Suitable for both on-demand and batch printing
- Optional collection system for efficient and organized batch printing
- Free your workspace, the PrintMate printer's compact footprint fits easily and integrates into your laboratory's workflow

Meet the new face of performance

Tissue Cassettes from EpreDia

The entire range of cassettes from EpreDia™ has been redesigned for better performance – from printing through laboratory processes to archiving

Printing

- The all-new surface finish and reinforced print faces are engineered to optimize print quality when used with PrintMate™ AS cassette printers from EpreDia
- All-new PrintMate AS-compatible tubes are precisely engineered to reduce jamming and prevent downtime

Grossing, Embedding and Processing

- Opening and closing forces have been carefully adjusted for ease of use, while safeguarding valuable specimens during processing
- Design and flow characteristics tested to ensure efficient processing

Sectioning

- The new cassettes are precision engineered for a solid connection to EpreDia microtomes

Archiving

- The new surface texture is designed to optimize scanability when used with the Arcos™ tissue block management system from EpreDia
